

Introducing Caerus Power CPT-CRPS3600A1A series

Engineered for hyperscale data centers and High Performance Computing applications, the CPT-CRPS3600A1A is a high-density server power supply delivering 3600W of output power with exceptional efficiency. Its compact design ensures reliable performance, meeting the rigorous demands of today's advanced IT infrastructure.

CPT-CRPS3600A1A - Key Features

- Up to 3,600W output power
- High efficiency design
- Compact CRPS form factor (40x73.5x185 mm)
- Wide input range 90-264VAC / 200-320VDC
- Hot Swappable
- Parallel operation (up to 4 units)
- PMBus interface
- Designed for 24/7 operation in demanding environments

Caerus Power Technology is a provider of cutting-edge technologies and services, offering scalable Power solutions for the Industrial, Medical, ITE, and Defense industries. Our extensive product line is manufactured by a leading power supply OEM in China, Singapore and the Philippines.
